## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-6, and 8-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The examiner is unclear what the phrase, "and other than Cl<sub>2</sub> and SO<sub>2</sub>Cl<sub>2</sub>", found in claim 1, line two, is intended to mean. Claims 2-6 and 8-11 depend from claim 1 but do not lend clarity to the issue, and as such, are also rejected.

### ***Allowable Subject Matter***

Claims 1-6 and 8-11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

The examiner has not found in the prior art a chlorination process using a metal chloride as the chloride source *and* in the presence of a hypervalent iodine catalyst, as claimed in the present invention.

Claim 7 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
